

Finminity

Cross-chain Investor Services with an Integrated Launchpad Powered by Polkadot.

Overview.

Finminity is an innovative Polkadot-driven cross-chain DeFi investor services platform that is flexible, rewarding and most importantly secures funds through DeFi safety protocols of Value Locks, DAO and Milestone-based fund release.

Unmatched diversity.

Finminity brings ETH and Binance Smart Chain (BSC) for our curated startups to do tokenization. This provides a larger and diverse investor base and access to 2 best networks that DeFi offers now.

Investor friendly.

The Finminity token & investor community services is powered by Polkadot for Know Your Business (KYB), DAO, Staking, Voting and Governance process.

Rewarding at every step.

Investors will get Early Access and Preferential Price for all token sales in Finminity before the public. FMT Token holders will receive the interest earned by the escrow amount that is held by the custodian smart contract (for milestone payment release) which will be given as Yield. They can also contribute to the governance for company resolutions and vote using Finminity DAO and earn.

KEY FEATURES

Presale DApp across Binance Smart Chain (BSC) & Ethereum

Low Market Cap <\$500k

VIP Access

Staking

DAO

Liquidity Pairs ensuring constant demand of tokens

Yield Farming

Rug Pull Safe

Milestone Based Payment Release

P2P marketplace

End to End Investor Engagement

Limited Supply

ROADMAP

Q3 2020

- Product Launch, Real user testing and social media marketing
- Influencer & Partner network buildup
- Crowdfunding Campaign Initiation

Q4 2020

- Ongoing Crowdfunding Campaign
- Product enhancements like multi chain enablement and Binance smart chain integration

Q1 2021

- Successful closure of Crowdfunding Campaign
- Achieve a critical mass of core investor/community who will participate in future token sales
- Token Holders start getting staking rewards based on their contribution

Q2 2021

- Issuance of 2 more tokens in our Platform
- Interest Yield accrued for delivery to our token holders
- FMT Token holders start taking part in Governance e.g. Company Vote and Resolutions
