PROBLEMS

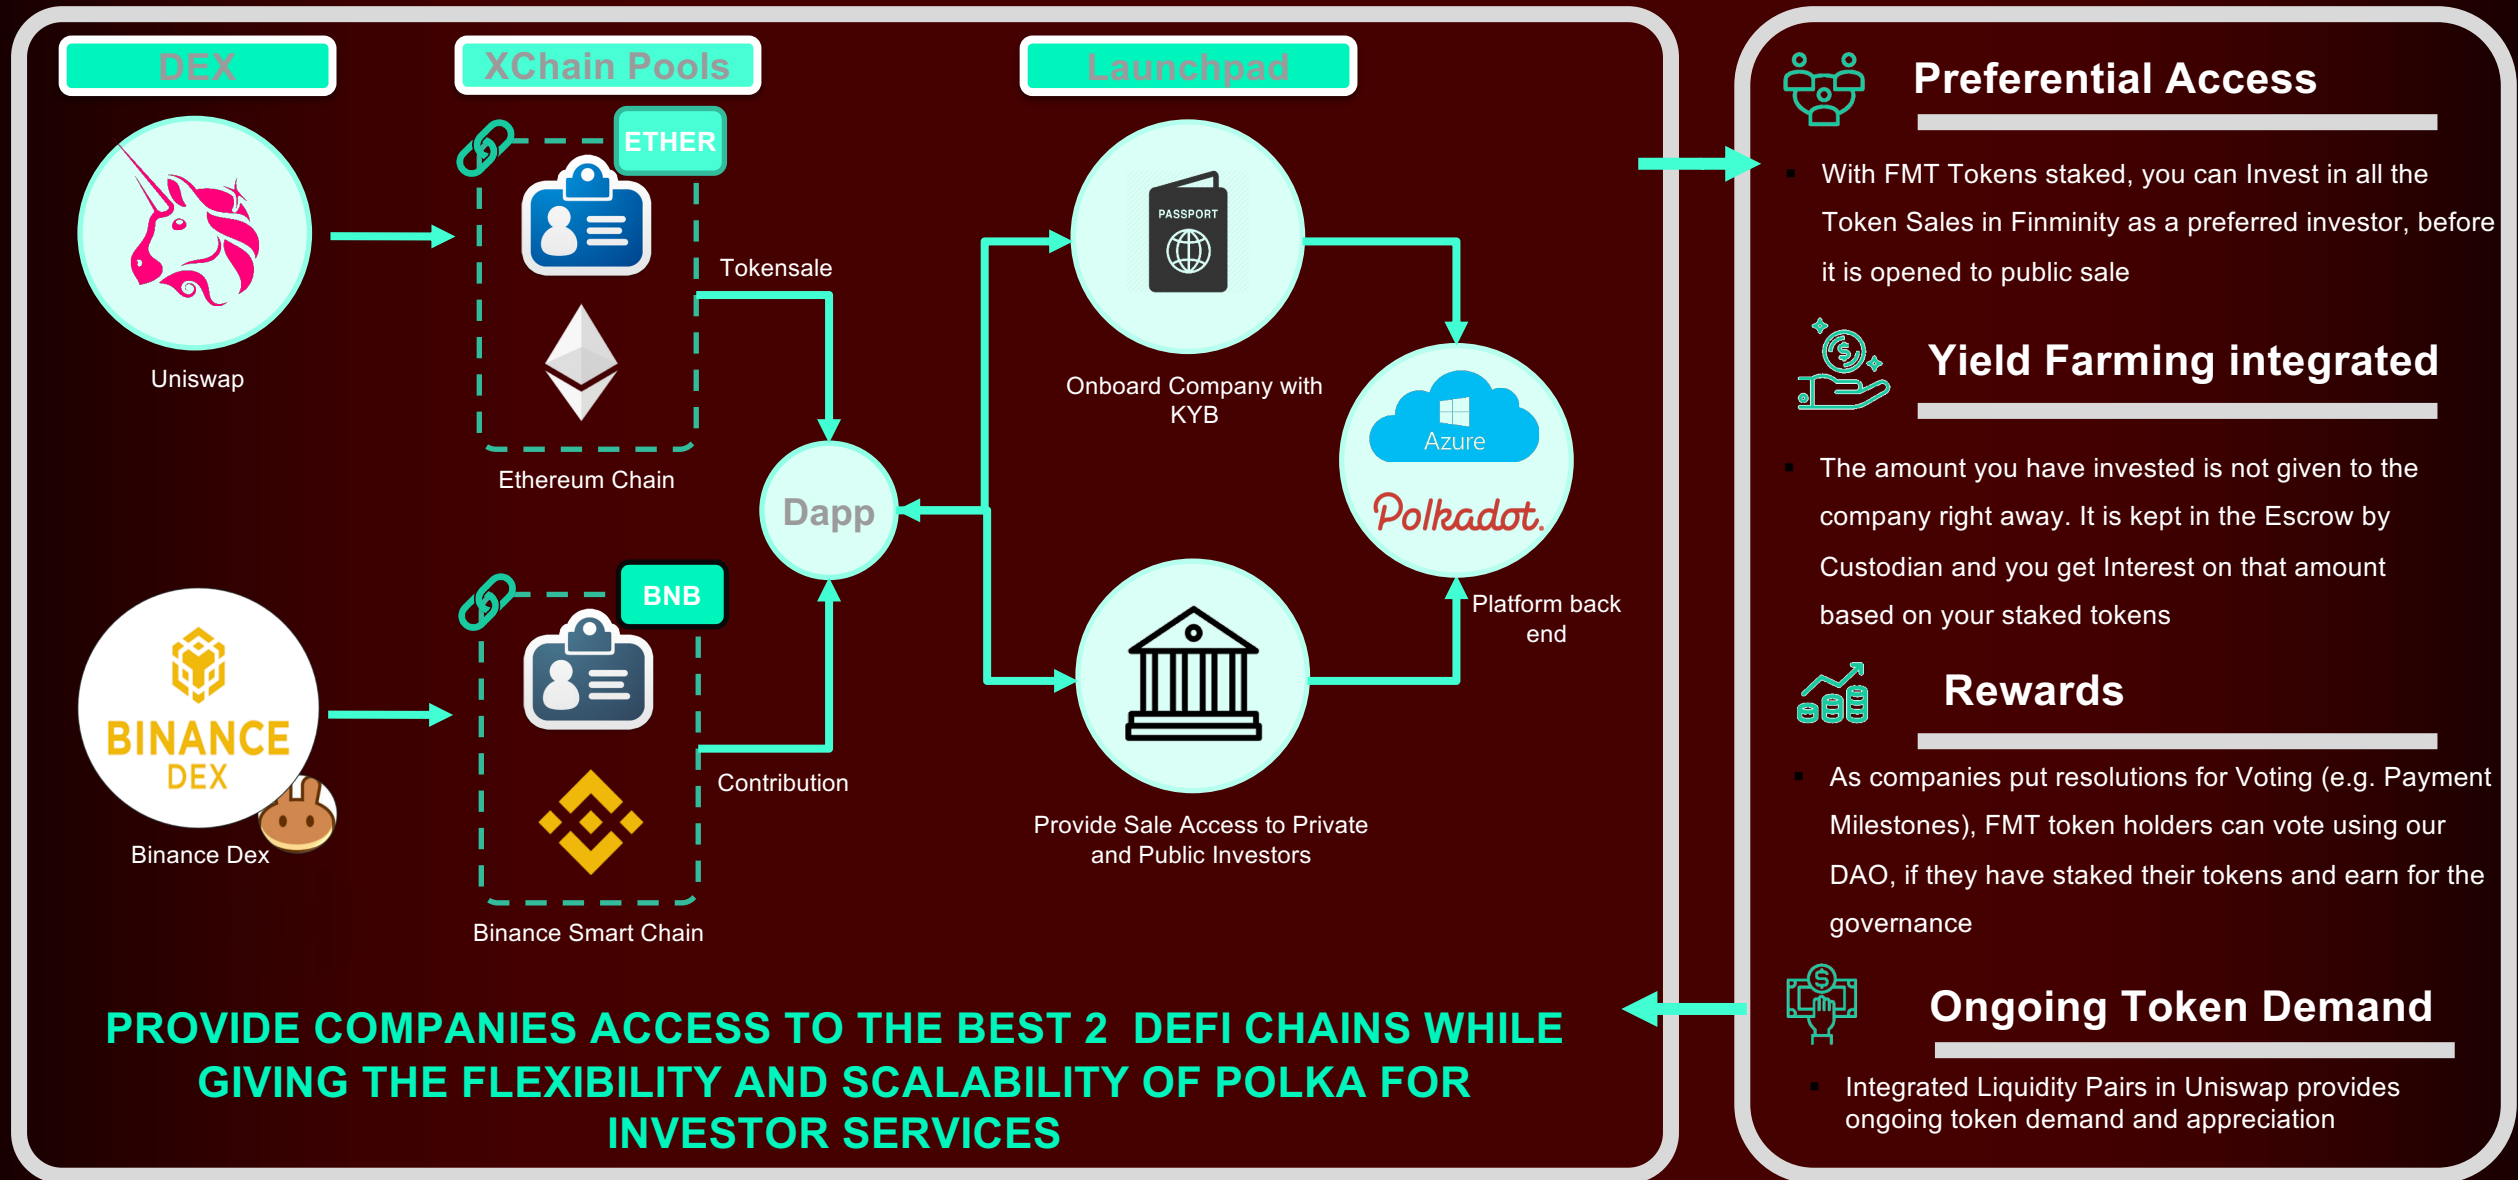

VERY FEW DeFi INVESTOR SERVICES PLATFORMS ARE **FLEXIBLE** FOR FIRMS TO RAISE FUNDS **ACROSS CHAINS** WITHOUT SCAMMING WHILE BEING **REWARDING** FOR THE CROWD TO BENEFIT WITH INTEREST, DIVIDEND AND TRANSPARENT **INVESTOR SERVICES**

OUR VISION

- Innovative DeFi driven cross chain token offering platform that is flexible, rewarding and most importantly secures investor funds through DeFi safety protocols of Value Locks, DAO and Milestone based fund release.
- Finminity brings ETH and Binance Smart Chain (BSC) launchpads for our curated startups to do token offering. This provides a larger and diverse investor base and access to 2 best networks that DeFi offers now.
- The Finminity token & investor community services is powered by Polkadot for Know Your Business (KYB), DAO, Staking, Voting and Governance process.
- Verified firms can define their raise, pitch to investors, configure their tokens issuance terms through smart contracts with safety built in to avoid rug pulls.
- Our token Investors gets investment liquidity and earn interest as their funds are only disbursed after successful milestone achievement as agreed during the fund raise through voting

FINMINITY PROVIDES CROSSDEX INVESTOR SERVICES

SOLUTION: TRUSTWORTHY TECHNOLOGY

ORACLES FOR 3rd PARTY INTEGRATION

With Ethereum Oracles and API Integration with Finminity to Broker/Dealers, Fund Houses, Lending Service Providers, the Tokens can be packaged as Investment Products bearing interest and sold to external investors. Even investors can get loans against these tokens.

DEFI INVESTOR SERVICES POWERED BY OUR DAO

Through a DeFi aligned Investor Services module, Community/Investor Resolution Management and Voting, Milestone based Escrow and Payments, Dividend Distribution and Investor money return on company failure. All of these are done with our DAO

DEFI TOKEN ENGINE

Our Tokenization Engine allows companies to do token mapping, onboarding the company on Blockchain, ERC 20 standard Token Creation and Token Allocation to investors. This token engine also does the KYC check of the company before it is onboarded

TRANSPARENT FUND RAISE THROUGH TOKEN

Through our integrated Fund Raise Platform we have built in rug proof checks for companies so that they can't take away investor money and run away. Liquidity Locks, Milestone payment, Voting helps to keep the process transparent, and rug pull checked.
